

Sunshine Butterflies

SHINING THROUGH ALLABILITY - NOT DISABILITY

[Click here to Make a tax deductible donation to Chelsea's Special Needs!](#)

Chelsea was diagnosed with Aicardi Syndrome, Cortical Dysplasia (a brain defect), Epilepsy & Cerebral Palsy. She has been classified as disabled and takes several anticonvulsants medications and is developmentally delayed.

Your support and generous donations are so greatly appreciated by us and will make a world of difference to the livelihood of our beautiful little angel Chelsea. We hope to raise money to assist us in funding Chelsea's specialist needs such as Physiotherapy, Speech Therapy, Hydro Therapy, Bowen Therapy, Occupational Therapy, Respite, Seizure Mattress, Conductive Education,

Medications, Travel costs, ipad for communication and specialised mobility aids.

Our most sincere heart felt thank you for your donations to help our precious little girl who deserves to live life to the fullest.

Thanks, Melissa & Trent (Mum & Dad of Chelsea)
